The Tzolkin (Mayan meaning '*the count of Days*') describes the energies of Creation moving through cycles within cycles in time. The Mayan holy calendar is combined from 20 Solar Seals (Sun Signs) which represent [20 tribes](#) (archetype aspects) on this planet, and 13 Lunar Tones which represent galactic frequencies. Each Sun sign appears 13 times in the calendar, (20X13=260) this gives us 260 unique combinations (Kin's) or personality patterns.

You have a "[Sun sign](#)" and a "[Lunar tone](#)" together they combine your **Kin**, or sort, your galactic signature by the '**13 moon Calendar**' decoded into Gregorian dates by [José Argüelles](#).

The symbol you got never stands alone, it got an Occult symbol, Analog symbol & Antipode symbol, which comes mutuality to each other. The guide, is always the same color as the Solar seal it's figured out by your tone, which specifies which 'yellow Sun' you are. Those 5 symbols together gives us your Galactic signature or **Dreamspell**, a destiny pattern, your private codes to tap into the matrix naturally, as described at the table above.

Your Lunar **Tone Is no. 11** named **the Spectral Tone of Liberation**

By being preset at any moment you can dissolve into the situation or process, and help release the burden of "unnecessary stuff" or elements which are holding back the process from evolving on its natural course. Liberation means to free your mind and break from rigidity and false captivity and to be open to different options, opinion's and new ideas. Key words for the the Tone of Liberation: Change, disintegration, letting go, being present, complexity moving to simplicity. So any time you feel that you need guidance ask yourself: How do I release and let go? Because you can :))

Your Sun sign or Tribe is – Yellow Sun (Ahau) – Universal Fire – Enlighten – Life

Yellow color represents the South, warmth & ripeness, symbol's Wisdom & growth, beauty & maturity. 'Yellow' people are usually confident and courageous, wise and honest, brave and sincere.

Yellow Sun is the symbol of universal fire, the bonfire which our ancestors set by to get warm and fed. It's the symbol of life and enlightenment.

The Sun is the last glyph at the Tzolkin (no. 20) It Symbolizes Life fully present, the whole & complete creation.

The Sun guides us to walk on the path of warm heart, to respect our elders, our collective culture & history. It also the center of our universe.. Something you can easily identify with, I guess ;)

The Sun allows you to love as a unified whole. By showing the simplicity of unconditional love and endless bliss. You're well intentioned, loving uncompromising nature is like the the Sun rays, bringing confidence and joy to your life, and to the people around you.

Yellow Sun is also your Guide, your higher-self, the power that brings focus to your signature & additional perspective. You are a 'double' yellow Sun! It means that you are very clear & honest, as a warm person, you are devoted to the magic of life, and unconditional love is a way of life for you. Being guided by your own power, also means that you are your own guide, that you have a firm voice inside you, and I hope you know you should to listen to yourself first.

Your hidden power – Red Dragon (Imix) – Birth - Being – Nurture

The occult power represents the unexpected assistance, the subconscious self, and hidden help. It's your well of inner strength. The Sun 'hides' the Dragon within it, and contrary. All those symbols are combined in such a way to enhance or emphasize the qualities of each other. (like Birth & Life)
The Dragon is the symbol of the primordial Mother, It carries within itself all the love & care for the whole creation and It's connected to the root source of Life, constantly reminding you that all things are connected.

The Dragon asks you embrace the depth of your receptivity, and let go of thoughts & desires and to witness the process (or issue) without interference with the outcome. Your inner conscious is guiding you to trust the process, the evolutionary phase you are experiencing, and to communicate with your deepest desires, to let them be discovered & allowed to be present, the Dragon gives you the ability to nurture the essential part in every encounter you have, It's your natural gift, part of your cosmic identity.

Your supporting power – Blue Storm (Cauac) - Self Generation – Catalyze - Energy

The analog is your compliment power - something that comes naturally to/with you.
Blue Storm power feeds you with healing energy, it brings constant regeneration to your life, It's transforming nature helps you to clean your physical, mental & emotional bodies.
The Storm teaches you to be present at those moments of turbulence, helps you to keep your inner balance. The Storm catalyzes any process in order to enable it to transform and evolve, so those moments when you are ignited by fire, or blown by the wind, or flooded with water.. You should remember that It's a natural procedure for you - to catalyze your energy and maintain self-generation. And when the Storm clarifies the air, the Sun comes out and shines more brightly, and life is transformed.

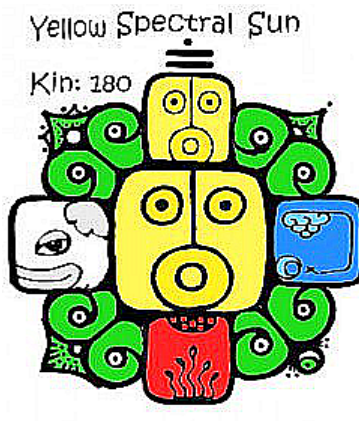

Challenging Power – White Dog (oc) – Heart – Loyalty – Love

The antipode represents your signature's gift, it's the power of the Heart which will provide you what you need to learn in this lifetime.

The Dog holds the qualities of the true Heart, the connecting point between spirit and matter. Practice compassion and loyalty to your principles, open your heart, and resonate with your deepest desires.

The Dog is here to remind you to be loyal to your heart calling, and to be a good companion with your self. This is your way to practice unconditional love, and fulfill your mission here on earth.

Align with your heart's desires. In gratitude, and surrender to the great changes of these times, which are leading us to the path of the one heart.

Now, If you 'Google' your galactic BD you would probably get this: This is your personal affirmation to the universe, It's combined from the characteristics of you **Sun sign**, your Lunar tone, and your **Guide**:

I dissolve in order to **enlighten**
Releasing life
 I seal the matrix of **universal fire**
 With the spectral tone of liberation
I am guided by my own power doubled

So in conclusion, You are well intentioned person, walking on the path of Love & Light, your ability to dissolve and let go manifests in a Sunny way of warmth & care.

Please note that you were born on a white Dog Wavespell (of Heart & Loyalty) and this symbol is also your challenge (be loyal companion to yourself) so when you master the lessons of the Heart, you can truly liberate yourself from the illusion of separation, and see through it the oneness of all, the beauty of Life, and shine like the Sun.

Those symbols I described above are all part of your core nature, of your essence, they resonate with each other, emphasizing and enhancing each other, constantly & mutually.

Getting to know your Dreamspell pattern is a good way to start to understand the Tzolkin.

Learn to recognize your symbols, meditate on their colors & shapes, draw them, breathe them to your cells, follow the Wavespells, it will ignite a coded knowledge in your DNA. Which manifests in our everyday life as synchronicity. This must be experienced in order to understand it..

Just by looking at your Dreamspell and concentrating on every symbol and its characteristics, you can 'charge' yourself, And don't forget.. you got the power of Blue Storm as your companion, the power of self-generation, every day, like the Sun, you can shine unconditionally on every one and everything. May the power of Universal Fire will keep you warm and safe anywhere you are, stay in light.

Please print the Dreamspell symbols (first page) and hang it somewhere you can see daily.

Following this calendar daily, learning the Sun Signs and Tones, might bring change in your perspective towards time, and give you a better understanding of other dimensions, and different factors in your daily life.

"Who owns your time owns your mind.
Change your time and you change your mind.
Change your mind and you change your world."
Jose Arguelles

Studying and experiencing the time flow through the Tzolkin count is a life lesson, And I'm happy and honored to share a glimpse of it with you!

In Lak 'ech (I'm another of yourself) Mayan greeting of honor
